

VARSHA V

Graduate Trainee — Artificial Intelligence

+91-9363323270 | varshvv96@gmail.com | Chennai, Tamil Nadu | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Information Technology graduate with a strong foundation in Artificial Intelligence and related technologies, seeking a Graduate Trainee role in IT and business solutions. Combines hands-on full-stack and AI project experience with strong communication skills, analytical thinking, teamwork, and a positive attitude toward learning new Microsoft and cloud technologies. Proficient in MS Office (Word, Excel, PowerPoint) and quick to adapt to new tools and business environments.

KEY SKILLS

Professional Skills: Communication Skills, Analytical Thinking, Teamwork, Positive Attitude, Adaptability, Time Management

MS Office: MS Word, MS Excel, MS PowerPoint, MS Outlook

Programming & Web: Java, JavaScript, SQL, Spring Boot, REST APIs, React, HTML5, CSS3

AI & LLM Technologies: Artificial Intelligence, RAG, Prompt Engineering, Embeddings, Semantic Search, LangChain, LangChain4j, Gen AI, VectorDB, ChromaDB

Cloud, Tools & Concepts: AWS (EC2, S3), Git, GitHub, CI/CD, MySQL, Postman, DSA, OOP, DBMS, Computer Networks

EXPERIENCE

Cloud Computing Intern, Big-Si-Bucks Innovation Pvt. Ltd.

Jan 2025 – Feb 2025

- Collaborated with a cross-functional team on AWS (EC2, S3) to deploy and manage cloud-based applications, applying strong teamwork and communication skills.
- Analyzed system performance and applied best practices for resource management, improving availability and reliability through analytical, detail-oriented problem-solving.

Full-Stack Developer Intern, Big-Si-Bucks Innovation Pvt. Ltd.

Jun 2024 – Jul 2024

- Built and deployed a full-stack e-commerce application (Java, Spring Boot, React, MySQL) covering product browsing, cart, and order processing.
- Developed and documented RESTful APIs with validation and exception handling; coordinated with team members to meet delivery timelines.
- Optimized frontend performance and normalized the MySQL schema with indexing, ensuring efficient and reliable data management.

AI PROJECT

AI Resume Analyzer & Job Match Assistant

React / Spring Boot / LangChain4j / ChromaDB / AWS S3

- Designed and built a Retrieval-Augmented Generation (Artificial Intelligence) application that analyzes resumes against job descriptions to generate context-aware insights.
- Implemented document ingestion, embeddings, and semantic search using ChromaDB, and structured LLM prompts for match scoring and skill-gap analysis.

CERTIFICATIONS

- GUVI — Artificial Intelligence Fundamentals | Google Cloud — Introduction to Generative AI
- Oracle Academy — Java Fundamentals | CodeChef — Java Programming Certification
- Cisco — Introduction to Cybersecurity | NPTEL — Big Data Computing
- Sairam Incubation Centre — Full Stack Development Workshop

EDUCATION

Bachelor of Technology, Information Technology — Sri Sairam Engineering College, Chennai

2022 – 2026

CGPA: 8.38 / 10

Higher Secondary (12th), Holy Angels School, Salem

2022 — 93%

Secondary (10th), Holy Angels School, Salem

2020 — 85.6%
